

# Take & Make: Watercolor

**Supplies:** a variety of watercolors in a pallet; paint brushes, premium watercolor bookmarks

## **Some hints:**

1. Protect your clothing. Gather a container with water and paper towels.
2. These are vibrant watercolors. A little goes a long way.
3. Dampen your paintbrush and then wipe it gently along a watercolor to pick up some color.
4. Let your painting dry before changing colors. (The hardest part)
5. Let your painting dry thoroughly before moving it.
6. The watercolors will eventually dry and harden again to be used next time.
7. Sign your masterpiece!

Offered by D. R. Evarts Library with support from The Athens Cultural Center
